**The real stuff
100% Fluorocarbon**

INVISIBLE

Fluorocarbon Trace

Pioneer Invisible Fluorocarbon	
4lb	20lb
6lb	30lb
8lb	40lb
10lb	50lb
12lb	

Pioneer Invisible Fluorocarbon leader material combines very low stretch with high level abrasion resistance making it a great choice for use with braided lines. Fluorocarbon becomes nearly invisible when submerged, helping you catch fish, particularly in clear water.

SALTWATER

Clear Mono Leader 110yd spools

20lb	60lb
30lb	80lb
40lb	100lb
50lb	

Pioneer Saltwater leader is a high quality nylon monofilament trace material. It offers superior knot strength and high abrasion resistance. Nylon trace material does not sink as fast as fluorocarbon. When tested it had the highest breaking strain of all leading brands used for paternoster traces.
